This electric, of-the-moment thriller tackles moral philosophy and police procedures with equal gusto. Jason Powell, an expert in ethical investing, stands accused of multiple sexual assaults, and his wife Angela's closely guarded history prevents her from fully taking his side. Alafair Burke, author of *The Ex* and 14 other crime thrillers, unspools Angela's secrets at a steady, almost serene pace—until the end, when we were floored by a mountainous switchback of heartbreaking revelations about Angela's past and her husband's actions.
