Cryptozoologist Dr. Seth Herne is dismayed. Have the flying feral pigs gone Kamikaze? It appears so when Doc and his loyal assistant, Jacey, discover a body in the middle of a rural road near Tree, Texas. The road is littered with various pig parts scattered here and there thus giving the impression of a Kamikaze pig. But Doc can't be bothered by a murder, he has a giant horny toad to find. If he accomplishes this task then he will go down in history as the greatest cryptozoologist ever. A thought he finds rather amusing. But the murderer thinks Doc and Jacey know more than they let on about the dead body. So an attempt to squash them doesn't deter them from their quest. Doc just hopes the flying feral pigs will protect them from this maniac and lead him to the ever elusive giant horny toad. Yeah, right, when pigs fly! Oh, wait a second...
