John Paris wakes up in a hospital bed, in a coma, with no memory of how or why. He can't speak, can't move, can only hear the doctors discussing how long until they switch off life support. As he grows more desperate, he suddenly finds himself in the body of the doctor who is about to throw the switch and end his life. In another body, another life, without any idea how or why, he sets out to discover who killed him, and how he survived. His journey takes him into a dark world of murder, betrayal, revenge, love, black magic, a teen pop sensation band, and the quest for everlasting life, as he gets closer to the truth about what killed him, and ultimately, who he is
