KODAK MOMENT EBOOKS 2019

Author: Ned Gardner

Release Date: Expected @@expectedReleaseDate@@

Suppose Lester Darnell, the grossly obese cabdriver who drove Lee Harvey Oswald to his rented room immediately after the assassination of President Kennedy, had a beautiful daughter. And suppose this woman handed you a sealed envelope her father gave her right before he died that unequivocally proves beyond any doubt that Oswald was the "patsy" he claimed just before he was murdered "live" in front of millions of people on national television.

What do you think this evidence might be worth? To you to the media and the government and especially to the sinister cabal who plotted the killings and will do anything to get this envelope back!

Reporter Chris Hagen is forced to grapple with these questions-and a jealous girlfriend-as he becomes a hunted man in his attempt to control hard evidence that finally closes the book on the most written about, most debated political slaying in American history.
